## Course Studies

The School of Ministry is a 2 year program based on the quarter system. CORE 1 is a year's worth of basic educational studies essential for ministry. Core 1 will be offered every year and is available for everyone in the congregation. It is, however, a requirement for those seeking admission to CORE 2. CORE 2 is intended to develop potential ministers in 4 specific areas: pastoral ministry, worship ministry, student ministry and missions. CORE2 students will be admitted through an application and interview process.
